

Doing business in the North West

In today's global economy, businesses need financial advisors with the knowledge and experience to support their international ambitions.

If you are looking to establish a business in the North West of the United Kingdom, Beever and Struthers provide a range of accounting, tax and business advisory services that will guide your business to a successful and profitable future. Our clients range from small to medium enterprises (SMEs) to corporate organisations with turnovers in excess of £100m. We also have well-established relationships with banks, funders, solicitors and other advisors who we work alongside to support you.

We are an award winning firm based in the heart of the North West, an area of the UK that has close links with Greater China. From our Head Office in Manchester we work closely with a number of organisations who promote the wide range of trade and commerce opportunities between China and the UK, including Manchester China Forum, China-Britain Business Council, Invest in Manchester and UK Trade and Investment.

We are members of the Institute of Chartered Accountants in England and Wales (ICAEW) Business Advice Service (BAS) and in addition we are registered with the ICAEW on their Business Finance Advice scheme (BAF).

A 'Northern Powerhouse'

Investment in the North West created a 'Northern Powerhouse' for the UK economy and we have seen several business benefits:

- Since 2014 the area has achieved the biggest growth of start-up businesses.
- The North West is a global hub for technology, science, innovation and manufacturing, with Manchester being named the European City of Science for 2016.
- 13 Universities, all of which have successful educational links with Greater China.
- Comprehensive road, rail and sea transport systems link the North West to the rest of the UK and the world.
- International airports in Manchester and Liverpool, with frequent direct flights between Manchester and China.
- Airport City Manchester is one of the most exciting business destinations currently in development, located adjacent to Manchester Airport it will encompass hotels, offices, logistic facilities and retail space.
- MediaCityUK is the home of BBC and ITV outside of London and is an international centre for the creative and digital Sectors.

Why Beever and Struthers?

Beever and Struthers is a firm of Chartered Accountants and Business Advisors with offices in Manchester, London and Blackburn. The firm is ranked amongst the top independent accountancy practices in the North West and has 17 partners, all of whom are specialists in their chosen field of expertise, and around 200 staff. We work in partnership with our clients to tackle the full range of issues they face. We have been providing business advice, support and a range of accounting services for over 100 years and we pride ourselves on our commitment to deliver exceptionally high quality and co-ordinated services to our many clients.

Client testimonials:

Precision Technologies Group (PTG) Limited is a wholly owned subsidiary of a Hong Kong-listed Chinese company Chongqing Machinery and Electric Co Limited. The UK group consists of three trading companies, operating and exporting from bases in Lancashire and Yorkshire. The UK companies design and manufacture specialized, advanced CNC machine tools and components, and have a reputation throughout the world for high quality products.

Doing business in the
North West

"Beever and Struthers have, since their appointment in 2010, consistently provided a service second to none, covering corporation tax compliance work, general advice and support over a number of areas. It is important to us to know that we have a team of people we can call on and in whom we have confidence in their ability to provide assistance and guidance. We are very satisfied with the excellent service provided".

Tony Bannan, Group Chief Executive
